Award

3rd Place – IUGS International Logo Contest 2025

Dear Juan Frizco,

We are pleased to let you know that your submission was selected for **3rd place** in the IUGS Logo Design Contest. Congratulations!

We will soon follow up with detailed instructions regarding the **USD 300 prize disbursement** and next steps. The Treasurer of the IUGS, **David Cohen (cc'd)**, will coordinate the payment process.

Please note:

- The competition was **non-binding**, and the selection of winning designs **does not imply the adoption of a new IUGS logo** at this stage. Final decisions will be made at the next Executive Committee meeting.
- **All publication rights related to the competition are held exclusively by the IUGS Executive Committee.**

Thank you again for your contribution and creativity.

Warm regards,

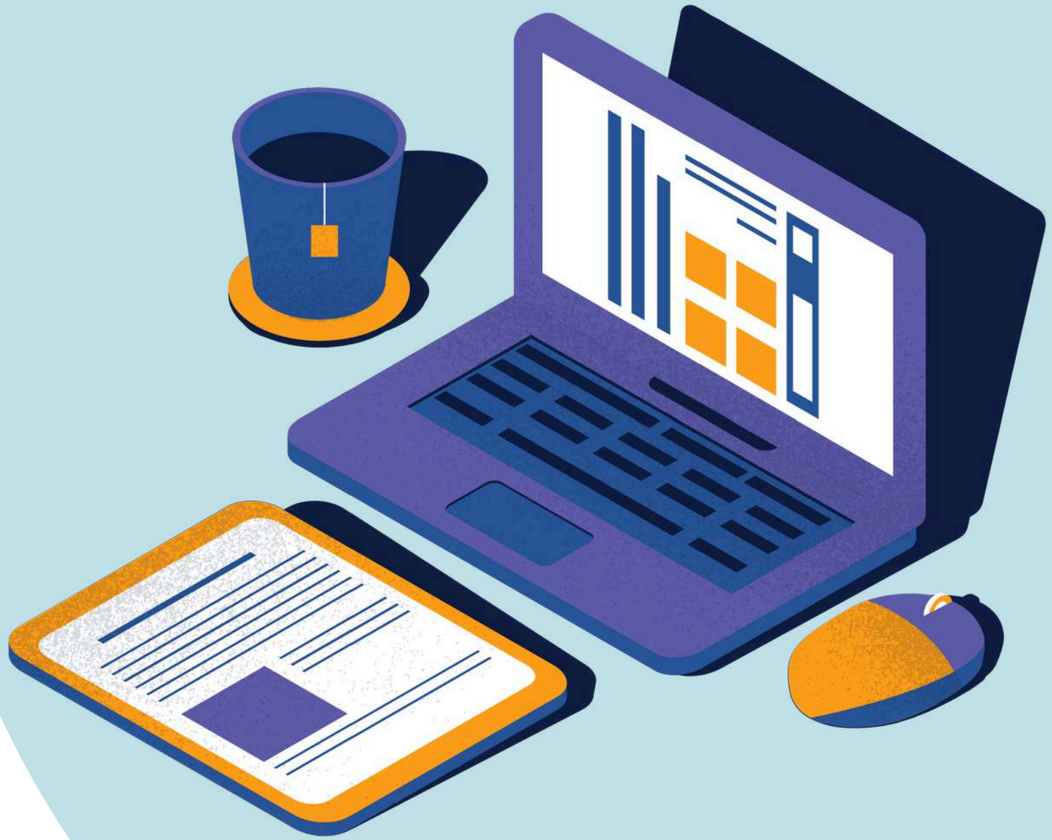

YoRI Team

Project

My track record is in Web Development, UI/UX Design and graphic design .

And here are several works I've executed.

Web Development

Web-based Cycle Count tool for the Home Delivery process (IDMED10) that provides a structured SKU list. Equipped with a built-in calculator to support fast and accurate calculations directly within the system. Cycle Count results can be downloaded in Excel format, supported by an Excel File Upload feature for bulk location data updates. Additionally, a Compared Data feature is available, allowing Admins to compare the operational team's physical Cycle Count results with the data recorded in the system. Open

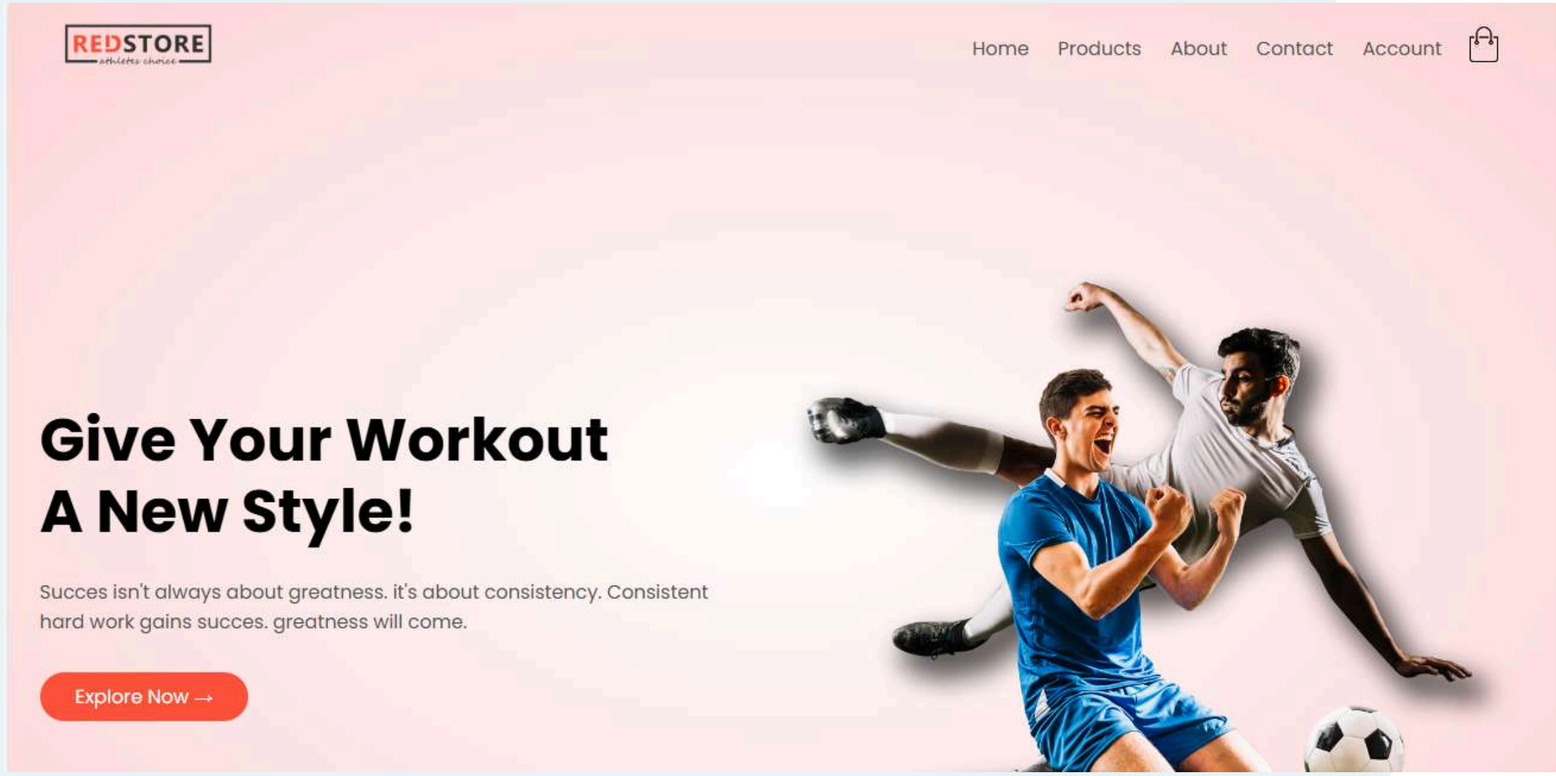

Home Page

Web Development

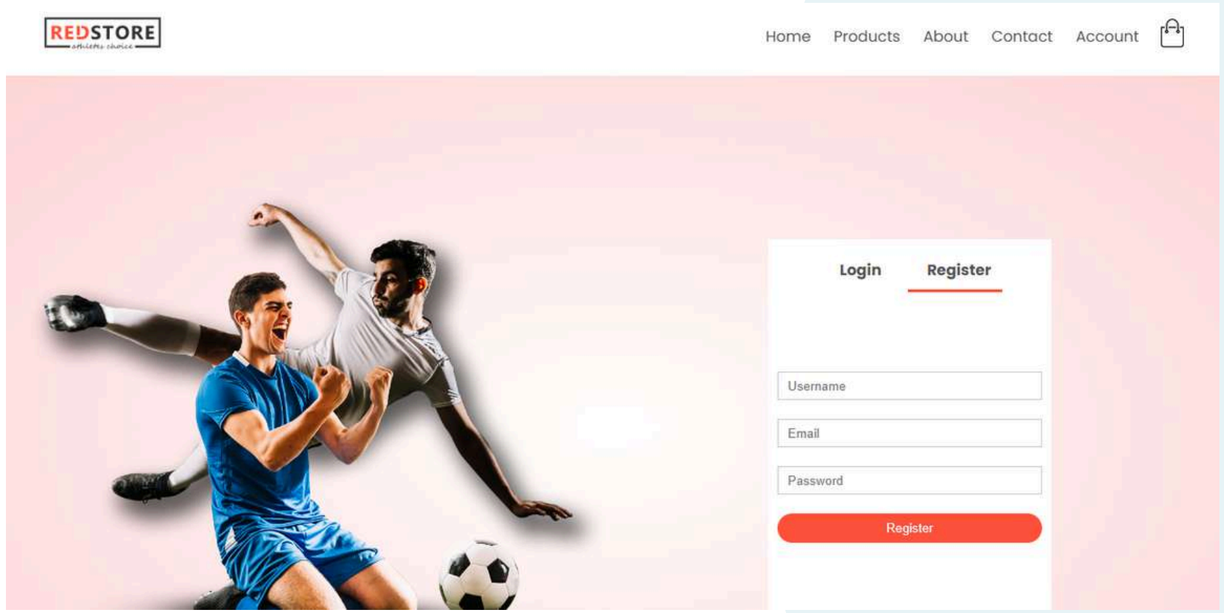

I developed an e-commerce website utilizing HTML, CSS, and JavaScript. This project showcases my ability to create a functional and visually appealing online store. The website features a user-friendly home page, a detailed product page, and an intuitive navigation system.

Products Page

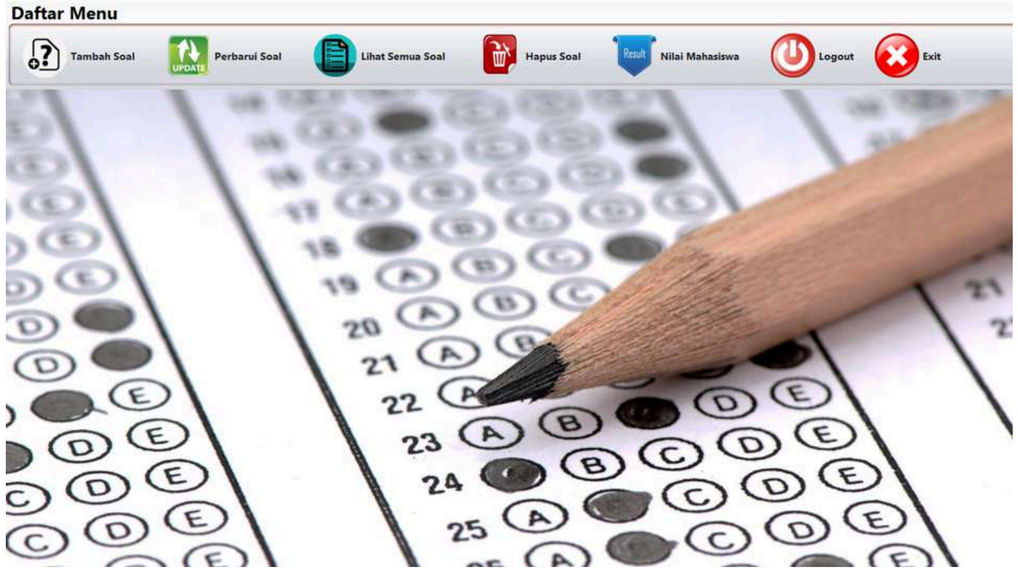

Quiz Management System

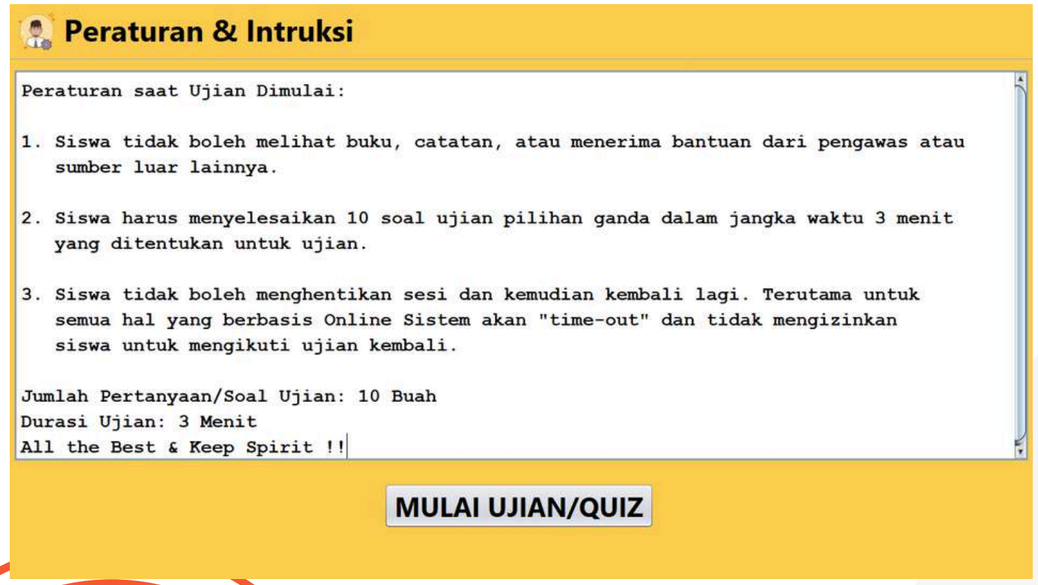

Developed using Java and NetBeans as the final project for the Object-Oriented Programming Practicum. This system provides features for students to take quizzes or exams and view their grading results directly. Additionally, it is equipped with administrative features for teachers or admins to manage questions and monitor each student's score recap.

Taken on
2026-09-12

Language tested
English

Level achieved
C1

You can understand long, complex speeches and texts and identify implicit, abstract and finer shades of meaning.

View your breakdown of results by skill

Grammar **C1**
Only on extremely rare occasions will the use of a grammatical structure interfere with your comprehension of any written text.

Vocabulary **C1**
Your good command of vocabulary on a broad range of general, academic, professional and leisure topics enables you to understand most written texts.

Reading Comprehension **C2**
You are able to read almost any form of writing, including abstract texts, structurally or linguistically complex materials including manuals, specialised articles and literary works.

Listening Comprehension **C1**
You can understand extended speech, including idiomatic and dialectal jargon, even when it is not clearly structured and when relationships are only implicitly and not explicitly expressed. You can understand televised programmes and films without too much effort.
